A V V E R T E N Z E

Tutti i pezzi suscettibili di essere richiesti come parti di ricambio sono individuabili dal numero d'ordinazione, dalla denominazione e dalla quantità presente in ogni gruppo, nelle tavole di testo che accompagnano le illustrazioni.

Considerato che le varianti volta a volta introdotte nella fabbricazione portano a cambiare tali numeri, denominazioni e quantità nel tempo, è necessario che i MAGAZZINI PARTI DI RICAMBIO seguano attentamente le varianti comunicate mediante i Bollettini d'Aggiornamento.

Istruzioni per l'ordinazione delle parti di ricambio

1. Tutti i pezzi indicati nel presente Catalogo e muniti di numeri di ordinazione ALFA ROMEO sono disponibili presso i Magazzini della nostra Azienda Ricambi.

I pezzi non di fabbricazione ALFA ROMEO, individuati unicamente dal numero d'ordinazione del costruttore devono preferibilmente essere richiesti direttamente a questi.

2. Tutte le ordinazioni devono essere effettuate indicando oltre al numero del pezzo rilevato nel Catalogo anche il numero di telaio e di motore del veicolo sul quale dovranno essere impiegati i pezzi richiesti. E' opportuno che le ordinazioni siano completate dalla esatta denominazione del pezzo quale riportata nelle tavole di testo.

F O R E W O R D

All the component parts liable to be ordered as spares are identified in the breakdown list which accompanies exploded view table.

Since the modifications now and then introduced in series production lead to changes in the number, description and quantity, it is essential for THE SPARE PARTS STORES to strictly follow the changes which will be notified with the Amendments.

How to order spare parts.

1. All the items entered in this catalog and identified with ALFA ROMEO's numbers are available at the head store of our Spare Parts Department.
2. All the orders for parts should state the catalog number and, in addition, the chassis and engine numbers of the concerned cars. When ordering, it is advisable to describe the part with the same description as given in the breakdown tables.

A V A N T - P R O P O S

Toutes les pièces susceptibles d'être demandées en rechange s'identifient en consultant les planches qui accompagnent les illustrations et qui donnent leur numéro de commande, leur désignation et la quantité entrant dans chaque ensemble.

Les modifications qui, de fois en fois, surviennent en fabrication entraînent la variation de ces numéros, désignation et quantité, aussi est-il nécessaire de la part de tous les Magasins de pièces de Rechange de suivre très attentivement les mises à jour diffusées par notre Direction Après-Vente au fur et à mesure de ces variations.

Instructions pour la commande des pièces de rechange.

1. Toutes les pièces énoncées dans le présent Catalogue et affectées de numéros de commande ALFA ROMEO sont en vente auprès des Magasins de notre Service Central de pièces de Rechange.
2. Toutes les commandes doivent être faites en précisant, outre le numéro de pièce relevé dans le Catalogue, également le numéro de châssis et de moteur du véhicule auquel sont destinées les pièces demandées. Il est recommandable que les commandes soient complétées par l'exacte désignation, donnée dans le texte, de la pièce intéressée.

V O R W O R T

Sämtliche Ersatzteile sind durch die Bestellnummer, durch die Bezeichnung wie auch durch die Anzahl der in jedem Aggregat befindlichen Bestandteile und schliesslich durch die Katalogtafeln und abbildungen als solche erkenntlich.

Unter Rücksichtnahme auf die von Zeit zu Zeit in der Fabrikation auftretenden Neuerungen und somit auch Änderungen der Katalognummern, Bezeichnungen und Mengenangaben, ist es notwendig, dass die ERSATZTEILLAGER mit grösster Aufmerksamkeit diesen Änderungen Folge leisten, über welche sie durch Informationsblätter informiert werden.

Vorschrift zur Bestellung von Ersatzteilen.

1. Alle in vorliegendem Katalog angeführten Ersatzteile, welche mit einer Bestellnummer ALFA ROMEO versehen sind, können durch unser Hauptersatzteillager angeliefert werden.
2. Bei jeder Bestellung muss ausser der im Katalog festgestellten Bestellnummer auch die Fahrgestell- und Motor nummer des Fahrzeugs angeführt werden, für welches die Teile bestimmt sind. Es ist ausserdem notwendig, dass die Bestellungen mit den im Katalog angeführten Bezeichnungen der Teile wörtlich identisch sind.
